- (3) The disposition of all magnesite ore mined or excavated.

NOTE

The land is unplatted, and
lies south of the railroad at
Point of View, California,
and there are a number of
buildings of all kinds, which
were placed there by squatters.
The occupancy of such buildings
by the same party is of short
duration, and new parties are
continually taking possession
of the buildings as some
become vacant.

It is impracticable to make
separate leases to the sundry
occupants, and therefore rentals
will be collected monthly from
the parties found in possession.
A permit acknowledging
receipt of the rental will be issued
by the Land Department, and
a duplicate thereof, showing
amount of rental paid, and
signed by the recipient ac-
knowledging his tenancy, will
be transmitted to the Assistant
Treasurer, together with the
amount of rental collected,
all of which sums should
be credited on this Memorandum
book.
